

To the Democracy of this District.

MAYSVILLE, KY., Nov. 1, 1886.

The Republican press in the district, on the eve of the election, has filled its columns with pure and unadulterated lies, calculated to injure me, and their speakers have repeated them. I have read every attack upon me in the Republican Enterprise and Bracken Bulletin, and I pronounce them, one and all, false—known to be false by the men who wrote them, known to be false by the men who had them printed, and believed to be false by men who repeat them to my injury.

I never uttered a word against an Irishman, German, or laboring man in my life. The man who says so deliberately states a falsehood. I denounce all the other slanders started, or to be started to my injury, as inventions of political tricksters to aid in the election of Judge Thomas. I have supported every Irish or German citizen that has received an office in the district, have urged a fair divide of offices, and still do so, and believe I will receive their support.

GARRETT S. WALL.

OWENSBORO will vote on local option to-morrow. Both sides are making a hard struggle.

JUDGE THOMAS told the colored people Saturday night that their votes belonged to him, and that he had to have them to-morrow. How do the negroes like that?

How do the "kids" like the idea of being used as a "cat-paw" by Judge Thomas and the Republican Enterprise? If they suffer the scheme to be worked on them they will deserve no pity, should they get badly burnt in the business.

JUDGE THOMAS' actions in the past few days confirm what we have all along been saying of him. He is the worst political sneak and trickster the Republicans ever nominated. Can any true Democrat think of voting for such a man?

Don't the Democratic cigar-makers and Knights of Labor know their Republican brothers would never desert a party nominee, no matter what might be brought against him? Democrats should not suffer themselves to be caught by such chaff as the Republicans are dishing out to them.

JUDGE THOMAS failed to tell the colored voters Saturday night why a Republican Senate didn't confirm the appointment of Mr. Mathews, a prominent member of their race, to be Recorder of Deeds for the District of Columbia. The Judge, like his party, is ever after the negro's vote, but never yet has given a division of the offices.

JUDGE THOMAS' frantic appeal to the colored voters Saturday night caused many of his hearers to smile. By the way, how do the colored voters like to be told that they belong to any man, and had to vote for him? Judge Thomas made this claim Saturday night, but a good many will show him to-morrow that they don't belong to him or any one else.

JUDGE THOMAS didn't attempt to explain to the people Saturday night about that U. S. District Attorney business. Yet word did he deny about drawing \$20,000 salary without ever doing a lick of work to earn it. Will the honest, hard-working laborer and tax-payer vote for such a man? Judge Thomas' whole political life shows that with him his interests are paramount to all others—even to the laboring man's.

Is there a true-hearted Democratic Irishman or German who will suffer himself to be bamboozled by the Republican Enterprise and the hired concern down at Augusta? The Democratic party has ever proved the friend of the foreign-born citizens of this country. The political history of the past is a proof of this. We should like to know when Judge Thomas or the Republicans of Mason County ever supported a foreign-born citizen for an office. It is a "ferment" their principles do so.

This Republican Enterprise is trying desperately hard to use the "kids" as a "cat-paw" with which to rake the Congressional chestnut from the fire in this district. This is the truth of the matter in a nut shell. We don't think the "kids" will lend themselves to any such scheme. If they do, they will be easily bamboozled, that all we've got say. But we will add that the "cat-paw" which the Enterprise and Judge Thomas manipulates, will come out of the business in a fearfully burnt condition.

A Final Appeal.

The Congressional election will come off to-morrow. This, the Ninth Kentucky District has been represented for the past two terms by a Republican. It is conceded by most every one to be a Democratic district. There is no doubt of this, on a strict party vote. The two last elections were lost by apathy and disaffection. The Democrats have it in their power to win the fight to-morrow, and elect as true a Democrat and as honest a man as ever trod Kentucky's soil. From the time Judge Wall entered politics, he has ever aided his party in its struggles for supremacy. He has been an earnest worker, ever zealous in his support of its nominees. Years of faithful party service certainly entitles him now to the united support of the Democracy.

Yet there is another matter that should appeal to every true Democrat in to-morrow's contest. Judge Wall is the nominee of the Democratic party, and, as such, he is the representative of its principles. In voting against him you vote not only against the individual, but against the party in whose noble cause you have ever battled. One ballot cast against the party nominee is one blow to beat down party principles. The effect of that vote may be wide-reaching. It may result in Judge Wall's defeat, and a defeat of Judge Wall may give the next House of Representatives over to the control of the Republican party, and that means the defeat of Hon. John G. Carlisle for Speaker. If there are Democrats in Mason County, who are thinking of voting against their party nominee of "stabbing" Judge Wall in the back to gratify some personal grievance—we ask them to ponder well before they act. This Congressional election is of National importance. Let no mistake be made on that point. Republicans are making a desperate effort to get control of Congress. They already have the Senate, and it is conceded at Washington that they will succeed, to-morrow, in reducing the Democratic majority in the House. They hope, and are working hard to overcome, that majority altogether. Is this, then, the time to be thinking of personal grievances? Party success and party principles are of vastly greater importance than mere personal matters, and the one who can not lay aside personal grievances in a contest of such National importance is a traitor to his party and its would-be destroyer. We care not who he is. When the principles of Democracy, and its success in the future are involved, all bickering, strifes and contentions between members of the party should pale into insignificance.

We have a victory within our grasp, if every member does his duty. The Republicans do not hope to win by their own strength. They rely upon reported disaffection within our ranks. It remains with every doubtful Democrat then to purge himself of the suspicion of being a traitor. How can this be done? By earnest work at the polls for the party nominee. Let there be no stay-at-homes on this occasion. The Republicans will make a desperate effort, and every vote will be needed to defeat them. Again and for the last time, we urge our Democratic readers to do their whole duty, and to see that their neighbors do likewise.

Remember, also, that a member of the State Board of Equalization is to be chosen, and that Charles Kitchen, of Carter County, is the Democratic nominee, and as such should receive the united support of his party.

With a united Democracy we will win, but a serious defection will almost inevitably result in defeat.

Get in your vote early, then go after your weak-kneed Democratic neighbors—Republicans Enterprise.

If there are any "weak-kneed Democrats," how do they like the idea of being run in by the Republicans? It remains to be seen how many gudgeons the Republicans will catch by the "chaffy" bait they are using.

Is his letter in the Republican Enterprise Judge Thomas says, if elected, he will try to aid in all legislation that will promote all interests and benefit every class of people. The Judge is like the hunter who wanted to kill all the birds at one shot. We fear he will come to grief and be a "sicker" man than he was when Circuit Judge, if he even attempts such a herculean task. Will the sensible voters be gulled by such chaff as the "wood-chopper" is giving them?

WE didn't hear the "wood-chopper's" speech Saturday night, but we are told that his remarks were interspersed with jokes of the most vulgar and obscene character. How proud the honest, respectable Republicans must be of such a nominee!

A LOUISVILLE shaver robbed an old countryman of \$3,400 in a monte game, and on his being arrested a justice admitted him to bail in the sum of \$390. Of course the shaver "let out," and now the decent portion of the people are cursing the liberal Justice who accepted such trivial bail.

A SPECIAL from Frankfort, says: "In the Circuit Court, James Jenkens, of a number concerned in the murder of Ed. Daley, at Peak's mills in this county, three years ago last July, after passing through a protracted trial, hung jury, another trial, conviction and sentence of two years in the penitentiary and reversal by the Court of Appeals, at last reaches the third trial and conviction and sentence for life. He was anxious, it is said, to accept the sentence of two years, but was overruled to appeal the case, the result of which makes him a prisoner for life."

Those present were, Misses Darnall, of Covington, Ky., Bettie Welch, of St. Joe, Mo., Sallie Fleming, of Neyton, Julia Wood, Sallie Darnall, Anna Darnall, Messrs. George C. Keith, James Threlkeld, Robert Owens, Edward Geisel, Harry C. Curran, and Robert L. Baldwin.

GEORGE WESTINGHOUSE, of Pittsburg, has recently obtained a patent on an improved system of electric lighting. An exchange remarks: "It is claimed that this invention will so cheapen the electric light as to render it a more dangerous rival of illuminating gas than it has ever been. Of course it will have to be made very cheap in order to supercede gas entirely, for the gas companies, where they have been forced to do so by competition, have shown that they can make money by furnishing gas to consumers at from \$1 to \$1.25 per thousand cubic feet. Consequently if Mr. Westinghouse's invention does nothing else it will force gas companies to give their patrons the benefit of the cheap mode of making gas now in use."

AS Eden without an Adam—in fact, a Pre-Adamite Eden—skipped gaily into popularity before a vast audience at the Olympic last night and scored a hit—a palpable hit. A hit, too, to be remembered. Imagine an entire world governed by pretty girls, whose every effort is devoted to the novel agricultural pursuit of raising carucals, a world where wicked, deceitful man has not entered, where all is joy and bliss, and poetry, frosted cakes and lovely girls, charming music and dainty dances. This is "An Adamless Eden," as it nightly thrills its winning lays. Twice within a month have we seen this dainty conceit, this musical morsel, and twice has Chicago fallen upon its knees before the conquering hosts of Eve's bewitching daughters. Tragedy, comedy and minstrelsy have been its opponents this week, but the proud ecstacy of an "Adamless Eden" floats high above the battlements, while its competitors are absolutely wrecked before the trelis of its attractive portals. Girls, girls—well, girls, come often. Chicago is yours and we salute you—Chicago Herald.

JUDGES THOMAS and his backers found out at the last hour that the "still hunt" wouldn't work. The Democrats knew his tactics too well, and have forced the trickster out of his hole at Vanceburg at the last hour.

THE history of the Republican party of the past shows that it would have made the true-hearted and industrious German or Irishman, who came to this country from the "Faderland" or "Erin's sod," live here twenty years before granting them the privilege of voting. The Republican party, the party who has put forward Judge Thomas as its nominee, wanted to keep all foreign-born citizens from having any voice in elections until they had resided here twenty years, but the Democratic party defeated the measure. The tricky effort of the Republican Enterprise and its unjust insinuations against the Democratic nominee should be rebuked by every Irishman and every German.

PRIZE FIGHT.

A Hard Fought Contest for the Light-Weight Championship.

BOSTON, Nov. 1.—The fight here with two ounces bonus, between Jack McAuliffe and Billy Fraser, for \$1,000 and the light-weight championship belt, was the hardest, gamest and most even fought fight ever seen between light-weight glove fighters in this country. Fraser's weight was 133 pounds and McAuliffe's 128. The fight was a real battle to the final and decisive round. McAuliffe fought on the Dampney plan, using his legs for avoidance and his left for punishment. Fraser closed first blood, but he was a rule fell short, owing to McAuliffe's cleverness and agility. McAuliffe fought mainly for the feet with his left. The decisive blow in the twenty-second round was a right-handed jab on the jugular. Fraser fell face forward, and his second threw up the sponge.

McAuliffe had a swell tip, his only evidence of punishment. Fraser's optics were badly pretty well closed, and he squarely admitted defeat, proposing, however, a new match at even weight. McAuliffe, who had gone into the fight on ten days' notice, answered Fraser that he would meet him, any rules or no gloves, for \$1,500 to \$2,500 a side, \$500 forfeit. He would fight anywhere in America. Harry Gilmore, the Canadian champion, preferred. Sporting men agree that the battle was the best seen in the east in years. Ed C. Halse, was referee. McAuliffe was seconded by Jack Williams and his brother, Con. McAuliffe. Paty Sheppard and Johnnie Murphy waited on Fraser.

Extensive Cultivation of Cotton.

VICKSBURG, Miss., Nov. 1.—It is stated in this city that C. P. Huntington and R. F. Wilson of New York, and Lewis Stanford, of California, contemplate forming a combination to open and cultivate about 100,000 acres of land on the line of the Gulf, Mobile and Texas railroad in the Yazoo Delta. The road owns about 700,000 acres, but has sold about one-third to actual settlers. It is the intention of the gentlemen to bring the land to the highest standard of cultivation. The lands in the Yazoo valley are recognized as the finest cotton lands in the south. They will cultivate principally cotton, using the latest improved machinery where practicable. The continuous line of levees which extend from the high ground below Memphis to the hills at Vicksburg guarantee protection from high water.

Cutting's Canard.

EL PASO, Tex., Nov. 1.—Consul Brigham says that the rumor set afloat a few days ago that a large filibustering party had been organized to go to Mexico with A. K. Cutting at the head is positively untrue. The report can have no effect except to unfavorably influence Cutting's prospect for indemnity.

A Horrible Case of Child Murder.

LIMA, O. Nov. 1.—Miss Nelson, daughter of James Nelson, a farmer, gave birth to an illegitimate child yesterday. Her father took the child when but a few hours old and threw it into a stove. The baby was consumed in the presence of its mother. The murderer has been arrested.

Needle Hoard From London.

CHICAGO, Nov. 1.—A cable dispatch just received announced that Needle, the absconding manager of Ferguson & Co.'s, packers, had been arrested in London, but was released because he could not be held for extradition. The news could not be confirmed.

A Heavy Snow Storm.

PORT KANAWHA, Mont., Nov. 1.—Reports from Southwestern Montana indicate a heavy snowstorm. Stage coaches are delayed. Several cow boys who were sent out on a round-up, were killed. The storm was considerable delay in fall range work.

The Verdict Unanimous.

W. D. Sait, Drugist, Bryan, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took four bottles and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at J. C. Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-three pounds. Trial bottles of this great discovery for consumption free at J. C. Pecor & Co.'s and S. P. Campbell & Co's, Aberdeen, O.
